## Walter Xtra-tec® insert drill B 4213 (3xD)

**NEW**

For Complete Range,  
including 2x and 4x  
diameter see  
XTRA-TEC® Insert Drill  
Handbook.

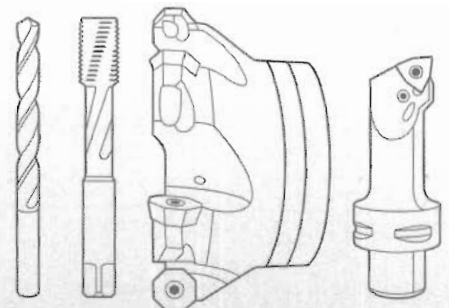

Promotion runs January 12, 2009  
through March 2009 or  
while supplies last.

The new Xtra-tec® Insert Drill is the perfect high-tech tool for more efficient and cost-effective holemaking.

- Four cutting edges per insert provide maximum economy
- The ground wiper cutting edges on our Tiger-tec® indexable inserts provide an excellent surface finish
- Engineered insert placement ensures balanced cutting forces during the machining process. Allows maximum stability and highest feed
- Hard nickel plated surface provides protection against corrosion and wear, also ensures better chip flow

Expect more. Engineer what you envision.  
Experience the new Walter.
